

ENROLMENT PROJECTIONS

Background

Enrolment projections will be prepared on a long-range basis under the direction of the Secretary Treasurer and will be reviewed and brought up to date annually.

Procedures

1. The projections are to take into account:
 - 1.1. Figures from the latest census,
 - 1.2. School registration figures,
 - 1.3. Forthcoming changes in city planning and zoning,
 - 1.4. Current and planned land development and housing projects in the District,
 - 1.5. Any other data on population trends and school enrolment that may be available to school officials.

2. Results of enrolment projections may be reported periodically to the Board.
 - 2.1. Whenever construction of new school facilities or the closing of any school building is contemplated, the District may authorize outside studies of the demographics of the District.
