

PAC Principal Report March 2024

Place Based Learning:

- Thank you to PAC for supporting our place-based learning. We have a number of classes that are traveling to various community locations for their learning. Some classes are cross country skiing at the Kimberley Nordic Center, most classes will be skating at Kinsmen, some classes will be doing additional outdoor learning at Idlewild and Jim Smith Lake Provincial Park. Many classes will be taking advantage of swim sessions at the pool.
- Organizing this massive event takes significant time and dedication; a huge thank you to Amy Quaife for organizing skiing. Our last ski day is tomorrow. We have had over 100 students participating on each ski day.
