

***Grade 11 & 12  
Course Selection Guide  
2022-2023***

***Mount Baker  
Secondary  
School***

*Home of the WILD*

# Mount Baker Secondary School

## Option 1:

Mount Baker Secondary School is the home for approximately 1,000 Grade 10 – 12 students. It is the largest high school in the district. Mount Baker prides itself in offering a large variety of courses and having strong academic programs. It is a dual track school, offering English and French Immersion classes. It is fast-paced and there can be 2 classes (quarter system) or 4 classes (semester system) per day. Regular attendance is necessary to be successful at Mount Baker.

## Option 2:

Kootenay Educational Services (KES) is an alternate educational setting designed to accommodate the educational, social, and emotional well-being of vulnerable or at-risk students whose needs are not being met in a traditional school environment. KES students are still considered Mount Baker students. They may have the opportunity to take their core courses in the KES self-paced environment and take their elective (and/or core) courses at Mount Baker. Typically, students who attend KES meet one or more of the following criteria: significant problems with attendance and/or work habits/behaviours and/or anxiety in traditional classes, at risk of dropping out of school, agreement and input from student, parent/guardian, school staff and/or other relevant professionals. Talk to your counsellor to see if KES could be right for you!

Both schools require the same courses to graduate, offer the same graduation programs, and are equally recognized by Post Secondary Institutions.

# GRADUATION REQUIREMENTS 2018 GRADUATION PROGRAM

## The 80-credit graduation requirements table

REQUIREMENTS	POSSIBLE COURSES	CREDITS
English Language Arts 10	An approved English Language Arts 10 course	4
English Language Arts 11	An approved English Language Arts 11 course	4
English Language Arts 12	An approved English Language Arts 12 course	4
Social Studies 10	Social Studies 10	4
Social Studies 11 or 12	A Social Studies 11 OR a Social Studies 12	4
Science 10	Science 10	4
Science 11 or 12	A Science 11 OR a Science 12	4
Mathematics 10	Foundations of Math & Pre-Calculus 10, Workplace Math 10	4
Mathematics 11 or 12	Foundations of Math 11, Pre-Calculus 11, Workplace Math 11, Computer Science 11, History of Math 11, Geometry 12, Pre-Calculus 12, Calculus 12, Apprenticeship Math 12, Foundations of Math 12, Statistics 12, Computer Science 12	4
Physical & Health Education 10	Physical and Health Education 10	4
Arts Education / Applied Design, Skills and Technology	Various choices from Arts Education / Applied Design, Skills and Technology	4
Career Education	Career Life Education, Career Life Connections	8
<b>TOTAL</b>		<b>52 credits</b>
<b>ELECTIVE COURSES</b>		<b>28 credits</b>
<b>OVERALL TOTAL</b>		<b>80 credits</b>
<b>PROVINCIAL GRADUATION ASSESSMENTS</b>		
<b>Graduation Numeracy Assessment in Grade 10 and the Graduation Literacy Assessments in Grade 10 and Grade 12</b>		<b>Complete</b>
<p>**Of the 80 credits needed for graduation, at least 16 credits MUST be at the Grade 12 level, including a Grade 12 English Language Arts course.</p> <p>**All Ministry-authorized and Board/authority-approved courses count towards the 80 credits.</p> <p>**Career Life Connections can be used to help satisfy the requirement for at least 16 credits at the Grade 12 level.</p> <p>**One 4-credit Indigenous-focused course MUST be taken by Grade 12 and can count towards the 80 credits needed for graduation.</p>		

**GRAND TOTAL:**

**80 CREDITS**

**Don't forget that post-secondary institutions often require you to complete specific courses to get into certain program. Careful planning in Grades 10, 11 and 12 will ensure you have all the courses and credits you need**

# English Language Arts 11

**\*\*All English Language Arts 11 choices have a prerequisite of an English Language Arts 10\*\***

## **EFP Literary Studies and New Media 11 (MELNM11)**

English First Peoples Literary Studies 11 is designed for students who are interested in exploring First Peoples' literature in a variety of contexts, genres, and media. The New Media component encourages students who are interested in exploring the increasing importance of digital media in communicating and exchanging ideas.

## **EFP Literary Studies 11 and Writing 11 (MEFLS11)**

English First Peoples Literary Studies 11 is designed for students who are interested in exploring First Peoples' literature in a variety of contexts, genres, and media. The writing component allows students to explore a variety of genres and writing forms.

## **EFP Literary Studies 11 and Spoken Language 11 (MELSL11)**

English First Peoples Literary Studies 11 is designed for students who are interested in exploring First Peoples' literature in a variety of contexts, genres, and media. Spoken Language 11 is designed for students who are interested in studying First Peoples' oral traditions and in developing their oral self-expressions and communication in a variety of contexts.

## **Literary Studies 11 and Composition 11 (MCMPS11)**

This course allows students to delve deeply into literature as they explore themes, periods, authors, and areas of the world through literary works. Composition 11 is designed to support students as they refine, clarify, and adjust their written communication through practice and revision. Composition 11 allows students to explore a variety of genres and writing forms, both formal and creative.

## **Literary Studies 11 and Spoken Language 11 (MSPLG11)**

This course allows students to delve deeply into literature as they explore themes, periods, authors, and areas of the world through literary works. Spoken Language 11 is designed to support students as they refine, clarify, and adjust their spoken communication through practice and revision. Spoken Language 11 is designed to help students develop their oral self-expression and communication in a variety of contexts

## **Literary Studies 11 and New Media 11 (MNMD-11)**

This course allows students to delve deeply into literature as they explore themes, periods, authors, and areas of the world through literary works. New Media 11 is a program of studies designed to reflect the changing role of technology in today's society and the increasing importance of digital media in communicating and exchanging ideas.

# English Language Arts 12

## English First Peoples 12 (MENFP12)

**Prerequisite:** an English Language Arts 11 or an English First Peoples Language Arts 11

With an emphasis on First Peoples' world views, this course is an academic equivalent to English Studies 12.

## English Studies 12 (MENST12)

**Prerequisite:** an English Language Arts 11 or an English First Peoples Language Arts 11

This course attempts to enhance and mature literacy skills and knowledge with particular emphasis on prose, poetry, and composition as preparation for the final exam. The novel, short story, non-fiction, and poetry are also studied in depth to expand critical assessment.

## Creative Writing 12 (MCTWR12)

**Prerequisite:** an English Language Arts 11 Recommended 67% or teacher permission

Creative Writing 12 is an elective course designed for students who have an interest in, and a flair for, writing. The course allows students to extend their academic and creative writing skills beyond those available in English courses. A disciplined approach to writing, enjoyment of the written word, and a willingness to attempt writing in several different genres are necessary for success in this course.

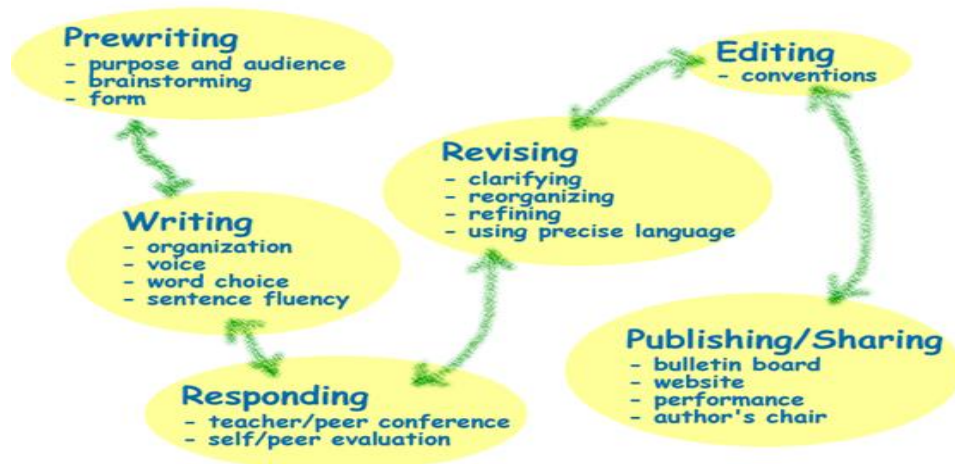

**\*\*This course does not meet the LA 12 requirements for the 2018 Grad Program.**

## Advanced Placement English Language and Composition (AEN12)

**Prerequisite:** An English Language Arts 11

This survey course teaches the elements of argument and composition, developing critical reading and writing skills. Texts will include non-fiction works from various periods and students will write essays with different aims; for example, to explain an idea, argue a point or persuade the reader of something. Learned skills will include reading closely, analyzing and interpreting text in addition to evaluating a source of information. Drafting and revising writing that includes evidence-based arguments will also be a focus. Students will have the option of writing the Advanced Placement exam in May which may allow students to receive university credit for an introductory literary analysis course if the exam score is high enough to meet the standard. **\*\*This course does not meet the LA 12 requirements for the 2018 Grad Program.**

## The Writing Process

# Math 11

The Mathematics Department at Mount Baker Secondary School encourages students to consider their future plans when choosing a math course and to consider taking multiple math courses to increase their options for study after high school.

## **Computer Science 11 (MMACS11)**

**Prerequisite: None**

This course is for students wanting to pursue University or College Computer Studies, Engineering, Business, Data Analyst, Games Developer, and IT Consultant.

## **Foundations of Mathematics 11 (MFOM-11)**

**Prerequisite: MFMP-10**

This course is for students wanting to pursue non-math/science University programs, Psychology, Sociology, Humanities, Nursing and Teaching.

## **History of Mathematics 11 (MHOM-11)**

**Prerequisite: MFMP-10**

This course will study the development of math over the centuries, the evolution of number systems and various approaches to mathematics, how mathematicians' curiosity and enjoyment led to the development of many areas of mathematics. This course is suited for students seeking a Math 11 credit without pure Math content, and students interested in taking extra Math credits.

## **Pre-Calculus 11 (MPREC11)**

**Prerequisite: MFMP-10**

This course is for students wanting to pursue University Sciences, Mathematics, Engineering, Medicine, most Medical Technician programs, Teaching, and the Electrical Trades.

## **Workplace Mathematics 11 (MWPM-11)**

**Prerequisite: MWPM-10**

This course is for students wanting to pursue most Trades programs.

# Math 12

Mathematics provides students with the opportunity to develop skills in:

- Numeracy
- Logical Thinking
- Problem Solving
- Practical Applications of Math

## **Apprenticeship Mathematics 12 (MAPPR12)**

**Prerequisite: MWPM-11**

This course is for students wanting to pursue most Trades programs.

## **Computer Science 12 (MMACS12)**

**Prerequisite: MMACS11**

This course is for students wanting to pursue University or College Computer Studies, Engineering, Business, Data Analyst, Games Developer, and IT consultant.

## **Foundations of Mathematics 12 (MFOM-12)**

**Prerequisite: MFOM-11**

This course is for students wanting to pursue non-science University programs, Psychology, Sociology, Humanities, Nursing, and Teaching.

## **Geometry 12 (MGMT-12)**

**Prerequisite: MPREC11 or MFOM-11**

This course will study geometric proofs, applications of geometry and the use of geometry throughout history. This course is suited for students considering careers in Math and Sciences, especially Engineering and Architecture.

## **Pre-Calculus 12 (MPREC12)**

**Prerequisite: MPREC11**

This course is for students wanting to pursue University Mathematics, Sciences, Engineering, Medicine, most Medical Technician programs and the Electrical Trades program.

## **Pre-Calculus 12 and Calculus 12 (linear) (MPREC12/MCALC12)**

**Prerequisite: MPREC11**

**YouTube Link: <https://youtu.be/tvHe62eEHYg>**

This course covers Pre-Calculus 12 and first-year University Calculus topics at most post-secondary institutions. This course is for students wanting to pursue University Sciences, Mathematics, Engineering, Medicine, most Medical Technician programs and the Electrical Trades.

## **Statistics 12 (MSTAT12)**

**Prerequisite: MPREC11 or MFOM-11**

This course will study methods of gathering, analyzing, and representing data, and using and understanding the results of statistical analysis in society. This course is suited for students considering careers in Math and Sciences, especially Biology as well as Business, Psychology, and the Humanities.

## **Advanced Placement Computer Science Principles 12 (ACSP12)**

**Prerequisite: Minimum of 73% in Math Foundations & Pre-Calculus 10**

This is a computer course for those who are not necessarily computer savvy. AP Computer Science Principles offers students a panoramic understanding of computing practices. If you did well in Foundations and Pre-Calculus 10 (73% or higher) and are in Grade 11 (imagine being in Grade 11 and getting College credit), this is the course for you! You can come into the course not knowing anything about computers and leave with a working App on your own iPhone and College credit. This course will provide you with a foundation of programming in Swift, which is the language used by all Apple devices (iPhone, iPad, Mac, Apple Watch, Apple TV) and can lead to a very lucrative career.

# Science 11

## **Biology 11 (Life Sciences 11) (MLFSC11)**

**Prerequisite: MSC10**

Life Sciences is the study of life. Throughout the course you will study the evolutionary relationships that all life forms share from the simplest to the most complex. We examine cells, DNA, plants, and animals. You will use microscopes, grow bacteria, and of course perform dissections of a variety of animals to learn how life works.

## **Chemistry 11 (MCH11)**

**Prerequisite: MSC10, Recommended that the student has successfully completed MFMP10**

Chemistry 11 is an academic course that is a prerequisite for Chemistry 12, and for many areas of study at post-secondary institutions. Chemistry 11 introduces the student to the many fields of chemistry, including safety, measurement, the mole, stoichiometry, the language of chemistry, the periodic table, and organic chemistry. The student will do many laboratory experiments to develop and reinforce the concepts being presented.

## **Physics 11 (MPH11)**

**Prerequisite: MFMP10 & MSC10, Recommended minimum C+ in Math 10**

Physics 11 is an academic course that focuses on the principles and theories of physics. Physics is an essential course leading to academic studies and career training in the fields of science, technology, and medicine. This course introduces students to a variety of key areas in physics such as kinematics, dynamics, energy, Einstein's Special Theory of Relativity, light, and electricity. Students will do many lab experiments to develop and reinforce the concepts being presented.

## **Science for Citizens 11 (MSCCT11)**

**Prerequisite: MSC10**

This 4-credit course investigates the impact that science has on our employment, our daily lives, and our response to adapt both locally and globally to scientific processes, scientific knowledge, and how we understand science in the world. This course qualifies as a grade 11 science credit towards graduation for students not interested in mainstream Life Science 11, Chemistry 11, or Physics 11.

# Science 12

## **Advanced Placement Biology 12 (Anatomy & Physiology 12) (ABIO12)**

**Prerequisite:** MLFSC 11

**YouTube Link:** <https://youtu.be/AX4mpWQm8qo>

This is a university level course which will provide you with credit for Grade 12 Anatomy and Physiology as well as potential credit and/or placement into second year university biology after successful completion of a College Board Exam in May. **(Placement criteria varies by institution.)**

The course focuses on four big ideas in Biology. It examines how the process of evolution drives the diversity and unity of all life on earth. It explores how biological systems utilize energy and molecular building blocks to grow, reproduce, and maintain dynamic homeostasis; how living systems retrieve, transmit, and respond to information essential to life processes, and the complex properties of how biological systems interact. Students perform inquiry-based biology labs while working with precision biological equipment such as wave-length molecular spectrophotometers, micropipettes, DNA fingerprinting, genetic studies on plants and fruit flies as well as performing gene transfers from one organism to another. Students will also learn to interpret primary research papers from respected scientific journals supporting biological concepts studied in class.

## **Biology 12 (Anatomy and Physiology 12) (MATPH12)**

**Prerequisite:** MLFSC11 Recommended 60%.

Life processes, cells, tissues, and body systems in humans are the main concerns of Anatomy and Physiology 12. Laboratory exercises investigate the properties of cells, enzymes, blood, and the heart, culminating in an extensive dissection and lab exam of the fetal pig. Anatomy and Physiology 12 prepares students for post-secondary programs that require a biology background.

## **Chemistry 12 (MCH12)**

**Prerequisite:** MCH11

Chemistry 12 is an academic course for those students who did well in Chemistry 11 and intend to pursue further studies in chemistry or a related field. The course involves a detailed study of reaction rates and energetics, chemical equilibrium, solubility equilibrium, acids and bases, and concepts related to oxidation and reduction. The student will do many lab experiments to develop and reinforce the concepts being presented.

## **Physics 12 (MPH12)**

**Prerequisite:** MPH11

Physics 12 is a rigorous course suitable for students who have a particular interest in physics or who plan to continue in science or engineering. Physics 12 is the study of classical mechanics and electromagnetism and is designed to help students develop analytical and problem-solving skills. Topics studied include two-dimensional vector concepts such as kinematics, dynamics, momentum, equilibrium, and circular motion. Students will also be introduced to the concepts of electricity and magnetism. Strong math skills are essential.

# Socials

## **20th Century World History 12 (MWH12)**

**Prerequisite: MSS10**

20th Century World History 12 is a survey course of world events of the 20th century. Global conflicts (WWI-Cold War), social revolutions (communism), human rights issues (South Africa, USA) and the political independence of India and the Middle East are investigated. Students will analyze and think critically about events such as the fall of imperialism, rise of nationalism, and the development of personal and national identities.

## **BC First Peoples 12 (MBCFP12)**

**Prerequisite: MSS10**

BC First Peoples 12 explores history, tradition, culture, and the role of oral tradition of our First Peoples in BC. You will examine past, present and future historical changes as well as understand the political policies and practices, such as governance, the treaty process, appropriation, and protocols. This is a course that recognizes the importance of cultural diversities.

## **Contemporary Indigenous Studies 12 (MINST12)**

**Prerequisite: MSS10**

This course examines factors that sustain and challenge the identities and worldview of Indigenous peoples including the importance of connections to the land. The course also explores resilience and survival of Indigenous peoples in the face of colonialism. It aims to help in understanding the reconciliation process.

## **Explorations in Social Studies 11 (MEPSS11)**

**Prerequisite: MSS10**

This course will allow you to meet the graduation needs for Social Studies. It presents an overview of themes that arise in more detail in the grade 12 offerings at MBSS. It is meant to be a survey course that will cover themes such as History, Geography, Social Justice, and Social Studies topics in the modern world.

## **Social Justice 12 (MSJ12)**

**Prerequisite: MEN11, MSS10 or teacher permission**

Social Justice 12 focuses on analysis of historical and contemporary issues in Canada and across the globe. We will explore the causes and consequences of events, legislation, and court decisions and how they transform individuals and societies. Community organizations, guest speakers, and resources outside of the classroom will support our ideas and discussions.

# Socials

## **Comparative Cultures 12 (MCMCL12)**

YouTube Link: <https://youtu.be/CYR9kfHXAzo>

**Prerequisite: MSS10**

How did we get to where we are as humans today? This course is a blend of sociology, anthropology, and the history of humanity from our earliest beginnings forward. Students will study civilizations such as Egypt, Greece, Rome, China, and Japan. They will study time periods such as the medieval age and Renaissance. They will focus on how the belief systems, geography, art, and histories of these world civilizations have impacted their culture.

## **Law Studies 12 (MLST12)**

**Prerequisite: MSS10**

Law 12 is an introduction into Canadian law. Students will study criminal law, civil law, family law, the Youth Criminal Justice Act, trial procedure, and sentencing. Through in-depth analysis and written responses, students will discuss the social and legal impacts of court cases. Attending court proceedings will promote an understanding of the judicial process.

## **Physical Geography 12 (MPGEO12)**

YouTube Link: <https://youtu.be/uv7ln3-GzKo>

**Prerequisite: MSS10**

Through the study of Physical Geography, you will develop an understanding of weather and climate, minerals and rocks, natural disasters, and erosional landscapes. Through this course you will be able to interpret landscapes and understand the processes shaping them. You will also study environmental issues and resource management using real world examples. A great course for those interested in careers in environmental sciences, geology, aviation, forestry, conservation, parks, adventure tourism, and engineering.

## **Philosophy 12 (MPHIL12)**

**Prerequisite: MSS10**

This course is an introduction to general philosophical inquiry. The development of critical thinking, argumentative essay writing, and debating skills will be the main objectives. Through selected readings, both classical and contemporary, the student will explore the great questions that confront the thinking person:

1. What is free will?
2. Does God exist?
3. What is real? Does a tree make a sound when it falls if nobody hears it?
4. What is the nature of good and evil?
5. What is the meaning of life?

As well, current debates on social policy issues such as bioethics, euthanasia, crime and punishment, and universal welfare will be examined. A student must enjoy reading, writing, and debating to succeed in this course.

## **Political Studies 12 (MPLST12)**

**Prerequisite: MSS10**

This course focusses on the political world and how you as an informed citizen can influence and make changes. We will focus on Canadian politics and international democratic systems and how political agreements are a compromise of values and traditions.

# Advanced Placement

**What are Advanced Placement courses?** These courses allow students to take university/college level courses and exams, and to potentially earn university/college credit or placement, while still in high school. Each AP course has an exam, administered worldwide in May. Each exam consists of multiple-choice questions and a free response section. The exam is scored on a five-point scale: 5 - extremely well qualified, 4 - well qualified, 3 - qualified, 2 - possibly qualified, and 1 - no recommendation. **Students are responsible for the cost of the exam. (Approx. \$100 US)** University credit and/or placement will vary depending on your choice of post secondary education.

## **What are the benefits?**

Besides the potential of earning university/college credits while still in high school, there are added benefits to taking Advanced Placement courses. Students learn to challenge themselves, foster critical thinking and inquiry-based lab skill, and develop advanced study habits, while saving money on university/college tuition. AP courses may be used towards district and provincial scholarships.

## **Are Advanced Placement courses right for you?**

If you are a highly motivated and curious student with a good grade point average, strong reading and writing skills, and are pursuing post secondary education at a university or college, Advanced Placement courses would be a great fit for your Grade 12 course selections.

## **Advanced Placement Biology 12 (Anatomy & Physiology 12) (ABIO12)**

**Prerequisite:** MLFSC 11

**YouTube Link:** <https://youtu.be/AX4mpWQm8go>

This is a university level course which will provide you with credit for Grade 12 Anatomy and Physiology as well as potential credit and/or placement into second year university biology after successful completion of a College Board Exam in May. **(Placement criteria varies by institution.)**

The course focuses on four big ideas in Biology. It examines how the process of evolution drives the diversity and unity of all life on earth. It explores how biological systems utilize energy and molecular building blocks to grow, reproduce, and maintain dynamic homeostasis; how living systems retrieve, transmit, and respond to information essential to life processes, and the complex properties of how biological systems interact. Students perform inquiry-based biology labs while working with precision biological equipment such as wave-length molecular spectrophotometers, micropipettes, DNA fingerprinting, genetic studies on plants and fruit flies as well as performing gene transfers from one organism to another. Students will also learn to interpret primary research papers from respected scientific journals supporting biological concepts studied in class.

## **Advanced Placement Computer Science Principles 12 (ACSP12)**

**Prerequisite:** Minimum of 73% in Math Foundations & Pre-Calculus 10

This is a computer course for those who are not necessarily computer savvy. AP Computer Science Principles offers students a panoramic understanding of computing practices. If you did well in Foundations and Pre-Calculus 10 (73% or higher) and are in Grade 11 (imagine being in Grade 11 and getting College credit), this is the course for you! You can come into the course not knowing anything about computers and leave with a working App on your own iPhone and College credit. This course will provide you with a foundation of programming in Swift, which is the language used by all Apple devices (iPhone, iPad, Mac, Apple Watch, Apple TV) and can lead to a very lucrative career.

## **Advanced Placement English Language and Composition (AEN12)**

**Prerequisite:** An English Language Arts 11

This survey course teaches the elements of argument and composition, developing critical reading and writing skills. Texts will include non-fiction works from various periods and students will write essays with different aims; for example, to explain an idea, argue a point or persuade the reader of something. Learned skills will include reading closely, analyzing and interpreting text in addition to evaluating a source of information. Drafting and revising writing that includes evidence-based arguments will also be a focus. Students will have the option of writing the Advanced Placement exam in May which may allow students to receive university credit for an introductory literary analysis course if the exam score is high enough to meet the standard. **\*\*This course does not meet the English Language Arts 12 requirements for the 2018 Grad Program.**

# French Immersion

**\*Students must complete six courses in the French Immersion Program to be eligible for a dual Dogwood Graduation Diploma\***

French Immersion YouTube Link: <https://youtu.be/nNsvbvUusk>

## **Communication Orale 11 (FSPLG11)**

**Prerequisite: FRAL 10**

This course reviews more advanced French grammar and verbs, in conjunction with direct & indirect object pronouns. A variety of non-fiction writing styles is examined: newspaper articles, persuasive essays, and advertisements. Novel studies focus on comprehension and explore how literary and artistic works reflect Francophone culture and history. Since the focus is on oral communication, students are required to prepare a variety of oral presentations such as speeches, plays, videos, audio recordings, interviews, and debates.

## **Français Langue Seconde- Immersion 12 (FRAL12)**

**Prerequisite: FSPLG11**

This course continues an advanced study French grammar and verbs, exploring literary tenses such as the subjunctive and the past historic, along with complex sentence structure. Novel and poetry studies shift from merely comprehending to inferring - recognizing and understanding symbols and analogies in French.

Students are expected to incorporate the cumulative knowledge and skills acquired throughout grades 10, 11 and 12 into the preparation of many forms of oral and written projects.

## **Histoire du monde au XXe siècle 12 (FWH12)**

**Prerequisite: FSCH10**

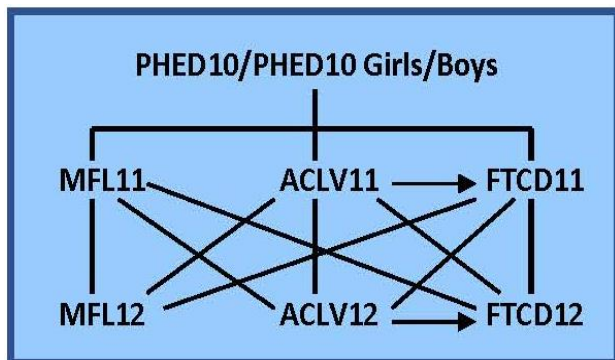

20th Century World History 12 is a survey course of world events of the 20th century. Global conflicts (WWI- Cold War), social revolutions (communism), human rights issues (South Africa, USA) and the political independence of India and the Middle East are investigated. Students will analyze and think critically about events such as the fall of imperialism, the rise of nationalism, and the development of personal and national identities.

**\*\*French is the only language spoken in the classroom\*\***

# Physical and Health Education

Why it makes sense to take a P.E. course:

- Take a stress free break from your heavy academic schedule.
- Develop a high level of fitness in preparation for physically demanding careers such as firefighting, law enforcement, Canadian Forces, forestry technology, etc.
- Explore the fast growing careers of Physical Education, Adventure Recreation, Sports Management, Coaching, Personal Fitness Trainer.
- Focus on career choices and develop skills required in specific areas of study and work.
- Fulfills the requirement for DPA.

Physical and Health Education YouTube Link: <https://youtu.be/hEPRjAvikk8>

## Active Living 11 (MACLV11)

Prerequisite: MPHED10

This popular course provides students with a new experience in Physical Education. Students and teacher work together to design a program that includes a wide range of activities and a high level of participation. Students can expect to achieve personal goals in fitness development, improve leadership skills, expand their knowledge of individual and team sports, be challenged, and have fun. Students must have suitable clothing for all activities. Students may be required to contribute to travel and community activity expenses.

## Active Living 12 (MACLV12)

Prerequisite: MACLV11 or MFTCD11

Students in this course will be exposed to many leisure activities with lifelong values. Activities include design and execution of fitness programs, variations of outdoor sports (soccer, football, softball, rugby, golf, skiing, cycling, jogging, tennis, field lacrosse) and indoor sports (curling, bowling, broomball, volleyball, swimming, basketball).

## Fitness and Conditioning 11 (MFTCD11)

Prerequisite: MPHED10

Course Content: Speed Agility Training, Weight Training, Muscle Tone, Diet, Sport Specific Training, Circuit Training, Athletic Goal Setting, Endurance Training, Muscular Mass. Students enrolled in this course must have a strong commitment to personal fitness and sport conditioning. This course is designed for a wide range of community/school athletes, or students concerned with healthy living. Advanced training methods will be used to develop the student's athletic conditioning.

## Fitness and Conditioning 12 (MFTCD12)

Prerequisite: MFTCD11 or MACLV11/12

Course Content: Same as MFTCD11

## Motion for Life 11 (MACLV11), Motion for Life 12 (MACLV12)

Prerequisite: MPHED10 or MACLV11

This course is designed for students in Grade 11/12 who are working at developing an activity base to improve their healthy lifestyle. The focus is to create exposure to a variety of individual healthy lifelong activities. The activities will take place in our community with a mix of both indoor and outdoor activities. Leaders in our community will be guests to speak on a variety of healthy lifestyle topics.

# Arts Education / Applied Design, Skills, & Technology

**\*\*Students require 4 credits of Arts Education OR 4 credits of Applied Design, Skills & Technology\*\***

## **Ministry Authorized 4 Credit Arts Education Courses**

### **MUSIC**

Choral Music: Concert Choir 10, 11, 12  
Choral Music: Vocal Jazz 11, 12  
Composition and Production 11, 12  
Instrumental Music: Concert Band 10, 11, 12  
Instrumental Music: Guitar 11, 12  
Instrumental Music: Jazz Band 10, 11, 12

### **THEATRE**

Drama 10, 11, 12  
Film and Television 11, 12  
Musical Theatre 10, 11, 12  
Theatre Company 10, 11, 12  
Theatre Production 10, 11, 12

### **ART, GRAPHICS, AND LIFE SKILLS**

Art Studio 10, 11, 12  
Media Arts 11, 12  
Photography 11, 12  
Studio Arts 3D 12  
Yearbook 11 (BA)  
Yoga and Mindfulness 12 (BA)

## **Ministry Authorized 4 Credit Applied Design, Skills & Technology Courses**

### **COMPUTER STUDIES**

AP Computer Science Principles 12  
Computer Information Systems 11, 12  
Computer Programming 11, 12

### **HOME ECONOMICS**

Child Development/Caregiving 12  
Food Studies 11, 12

### **TECHNOLOGY EDUCATION**

Art Metal & Jewellery 12  
Drafting 11, 12  
Electronics 11, 12  
Furniture and Cabinetry 12  
Industrial Coding & Design 12  
Metalwork 11, 12  
Power Technology 10  
Robotics 11, 12  
Skills Exploration 11  
Trades Sampler 12  
Train: Train in Trades 12  
Woodwork 11  
Work Experience 12  
Youth Work in Trades 11, 12

### **BUSINESS EDUCATION**

Accounting 11, 12  
Business Computer Applications 12  
Entrepreneurship 12  
Marketing & Promotion 11  
Tourism 11, 12

# Arts Education / Applied Design, Skills, & Technology

## MUSIC

Mount Baker provides a well established, dynamic, and rigorous music program. Courses are offered in Concert Band, Jazz Band, Instrumental Music, Concert Choir, Vocal Jazz, and Composition and Production. Several courses are offered outside of the regular timetable. Attendance at all rehearsals and performances is mandatory. The expected home practice time for each course ranges from 1.5 to 3 hours a week. Not all courses require previous music experience.

Music Courses YouTube Link: <https://youtu.be/3fDqQ4gGQuY>

### **Choral Music 11: Concert Choir (MCMCC11) \*\***

**Prerequisite: None, Course Length: All Year (Wednesdays—3:30-5:00 pm)**

Concert Choir is a course that provides voice instruction and choral ensemble skills to all students, regardless of previous musical experience. Grade 10, 11, and 12 students form the Mount Baker Concert Choir.

Elements of the course include:

1. Vocal technique and tone production.
2. Posture, breathing and range development.
3. Ear training, harmony singing and sight singing.
4. Ensemble and solo skill building.
5. Performance of various styles and genres of vocal repertoire.
6. Studio and live recording sessions.

### **Choral Music 12: Concert Choir (MCMCC12) \*\***

**Prerequisite: none, Course Length: All year, Wednesdays, 3:30 - 5:00 PM**

Concert Choir 12 provides a greater degree of focus for the vocal student, with an added element of leadership roles and mentorship within the ensemble. Students in Concert Choir 11 and 12 will be able to assist in planning the logistics and management of performances and productions and supervise stage crew and show running. Students must be enrolled in Concert Choir to be permitted to audition for Vocal Jazz.

### **Choral Music 11/12 Vocal Jazz (MCMVJ11), (MCMVJ12)**

**Prerequisite: Concert Choir 10, Concert Choir 11, Vocal Jazz 11. By audition only.**

Vocal Jazz 11/12 is a course designed for serious vocal students interested in studying more challenging repertoire in the rock, jazz, funk, swing, and pop styles. Music reading ability is recommended. Lessons will be directed more toward microphone technique, tone production and ear training. Students will also work with theory, arranging and chord reading. The course also offers credit for instrumental musicians. Places for piano, electric guitar, bass, and drums will be available for audition. Students taking Vocal Jazz must also be enrolled in Concert Choir.

### **Composition and Production 11 (MMUCP11)**

**Prerequisite: Basic notation or chord reading ability and instrumental playing skill**

Students will learn the basics of creating their own original music using the latest in digital audio technology including the Reason 10 software platform. Lessons include basic music theory, form, and harmony in a wide variety of musical genres. Students will also receive hands on training in live and studio recording techniques. Learning is based on solo and team-based projects, with each student producing one original composition that will be performed in public and released on a class compilation album under the program's own label, Orange Door Studios. Basic note and chord reading ability as well as the ability to play an instrument is highly recommended. Headphones are required equipment for each student.

# Arts Education / Applied Design, Skills, & Technology

## MUSIC

### Composition and Production 12 (MMUCP12)

**Prerequisite: MMUCP11**

MUCP 12 is similar to MUCP 11 but with an emphasis on live audio recording and production, mixing and engineering. A focus on career development will provide students with opportunities to work with professional musicians and artists by assisting in live PA performance work and recording of concerts and events. Students will also be expected to draw on their training from MUCP 11 to compile a final portfolio consisting of 5 to 7 original compositions. These will be suitable for promotion and application towards possible career opportunities in the music industry. Headphones are required equipment for each student.

### Instrumental Music 11: Concert Band (MIMCB11), 12 (MIMCB12) \*\*

**Prerequisite: MMUCB10 or permission of music director. All Year (Mon & Fri, 3:30-5:00 pm)**

This course is a combined class of Grade 11 and 12 Concert Band and forms the Mount Baker Senior Concert Band. This course further develops the progression from Concert Band 10 at an advanced level. There will be a focus on solo work, small ensemble playing, and a greater quantity and quality of public performance and recording work. Students will also be given the opportunity to perform in community and school district roles and participate in theatre productions as orchestra pit players.

Students in Concert Band 11 and 12 will also be able to assist in planning the logistics and management of performances and productions and supervise stage crew and show running. Concert Band 12 students will have a focus on leadership roles and work as mentors in the program.

Students must be enrolled in Concert Band to be permitted to audition for Jazz Band courses.

### Instrumental Music: Guitar 11 (MIMG11), Guitar 12 (MIMG12)

**Prerequisite: None, Course Length: Semester**

Guitar 11 and 12 are introductory level guitar courses. They offer interested students the opportunity to learn and practice the skills and techniques involved in playing songs they love. Chord playing (open and arpeggiated), single note playing, picking, fingering, strumming, and hand positions are covered. Single line melody reading, tablature, note articulation techniques, barre chording, music scales, and playing techniques are also introduced.

### Instrumental Music 11: Jazz Band (MIMJB11) \*\*

**Prerequisite: MMUCB10. Admitted by audition only. All year (Tues & Thurs @ 7:30 am)**

This course offers the student the opportunity to study challenging music in the jazz, funk, Latin, and rock genres. Students will work with theory, chord reading, and arranging original material. There is a significant emphasis on sectional work, improvisation, and soloing. This class combines with Grade 12 Jazz Band students to form the Mount Baker Jazz Band. Students taking Jazz Band must also be enrolled in Concert Band.

### Instrumental Music 12: Jazz Band (MIMJB12) \*\*

**Prerequisite: MIMJB11, Admitted by audition only. All year (Tues & Thurs @ 7:30 am)**

Jazz 12 is similar to Jazz 11, only with more emphasis on soloing and advanced study of technique and theory. Opportunities will be made available to individual students to compose, arrange, and direct original material. The members of this class combine with Grade 11 Jazz Band students to form the Mount Baker Jazz Band. Students taking Jazz Band must also be enrolled in Concert Band.

# Arts Education / Applied Design, Skills, & Technology

## ART, GRAPHICS, AND LIFE SKILLS

### Art Studio 11 (MVA11)

**Prerequisite:** None – Recommended MVA10

This is a comprehensive course designed to facilitate a broad range of experiences in 2-D and 3-D visual arts. Students will build upon previous learning in Visual Arts 10 by creating and responding to a variety of 2-D and 3-D images. It includes both traditional and contemporary 2-D and 3-D media, such as drawing, painting, ceramics, sculpture, printmaking, and design.

### Art Studio 12 (MVA12)

**Prerequisite:** MVA11

This comprehensive course is designed to facilitate students who desire a general yet broad range of experiences in 2-D and 3-D visual arts. Students will build upon previous learning in Art Foundations 11. It includes both traditional and contemporary 2-D and 3-D media, drawing, painting, ceramics, sculpture, print making and design.

### Media Arts 11 (MVA11), Media Arts 12 (MVA12)

**Prerequisite:** MVA11 for MVA12

**YouTube Link:** <https://youtu.be/r4dd7-ga9tA>

These art education courses will provide students with opportunities to develop the knowledge, skills, and attitudes needed to respond to media artworks and create art using media arts technology. These courses include silk screening, computer technologies, digital imaging, and animation as well as traditional art.

### Photography 11 (MVA11)

**YouTube Link:** <https://youtu.be/UfKsIPFIZvA>

**Prerequisite:** None

Students will examine the art of Photography. Through a variety of activities and assignments, students will develop an understanding of creativity, and traditional and digital photography. They will learn how to use 35 mm and digital cameras, develop negatives and photographs, download, and manipulate images and create a portfolio presentation. Students will be using their own cell phones, but cameras can be provided upon request. Previous art experience is an asset.

### Photography 12 (MVA12)

**YouTube Link:** <https://youtu.be/UfKsIPFIZvA>

**Prerequisite:** MVA11

Students will learn to understand photography as an art form, develop a deeper understanding of camera controls, traditional photography, and digital imaging. Students will use advanced techniques to create different effects using 35 mm and digital cameras, while they develop a portfolio of their images. Cameras will be provided, but students may be allowed to use their own. Previous art experience is an asset.

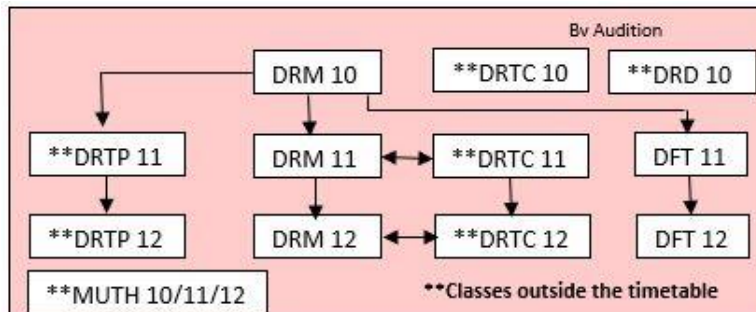

# Arts Education / Applied Design, Skills, & Technology

## THEATRE

Through participation in the rehearsal and performance process, students gain confidence and a sense of commitment. Theatre and film courses equip students for further study in stage performance, technical theatre, and film production, but also teach skills that are highly sought in today's business markets, such as teamwork, communication, and leadership. Classroom courses focus on skill building and company courses focus on public performance.

### Drama 11(MDRM11)

Prerequisite: Must be in grade 11 or 12

YouTube Link: <https://youtu.be/kLEqKNSjLOk>

Drama 11 includes improvisational skill development, knowledge of theatre related careers, acting from scripts and confidence building activities. Students will perform for an audience and learn basic tech support for productions. Presentation and communication skills learned are applicable to any profession.

### Drama 12 (MDRM12)

Prerequisite: MDRM11

YouTube Link: <https://youtu.be/kLEqKNSjLOk>

Drama 12 is a text heavy course which builds upon skills covered in Drama 11. Students perform scenes from plays as well as go further in depth with role playing, characterization and a fun look at theatre history from ancient Greek ceremonies to contemporary theatre.

### Film and Television 11 (MDFT11)

Prerequisite: Must be in grade 11 or 12

YouTube Link: <https://youtu.be/qsUIN057RU0>

Film and Television 11 is an introductory course in which students will become comfortable with all aspects of digital filmmaking including acting, directing, sound production, camera work and script writing. At the end of the course, students will be expected to produce a short narrative film.

### Film and Television 12 (MDFT12)

Prerequisite: MDFT11

YouTube Link: <https://youtu.be/qsUIN057RU0>

Building on skills learned in Film and Television 11, students will increase knowledge of camera use, sound production, acting and directing and specialize in a desired genre or form of filmmaking or television production.

### Musical Theatre 10/11/12 (MMUTH10/MMUTH11/MMUTH12)\*\*

Prerequisite: Audition \*\*Outside the timetable YouTube Link: <https://youtu.be/fgomGLgQXGA>

Rehearse and perform in a main stage musical for Mount Baker Wild Theatre. At the Grade 12 level, leadership and mentorship of younger company members is expected.

# Arts Education / Applied Design, Skills, & Technology

## THEATRE

### Theatre Company 11 (MDRTC11)\*\*

YouTube Link: <https://youtu.be/FLEf9vQLq5g>

**Prerequisite: Audition** \*\*Outside the timetable

Rehearse and perform in a main stage play for Mount Baker Wild Theatre.

### Theatre Company 12 (MDRTC12)\*\*

**Prerequisite: Audition** \*\*Outside the timetable

YouTube Link: <https://youtu.be/FLEf9vQLq5g>

Rehearse and perform in a main stage play for Mount Baker Wild Theatre. At the Grade 12 level, leadership and mentorship of younger company members is expected.

### Theatre Production 11 (MDRTP11)\*\*

YouTube Link: <https://youtu.be/GS8l2Slla6g>

**Prerequisite: None** \*\*Outside the timetable

Theatre Production 11 is an overview of all elements related to live theatre productions. It is hands-on work in lighting, sound, props, costumes, advertising, tool safety, make-up, production design and painting techniques. Students get first-hand practical experience working on stage productions.

### Theatre Production 12 (MDRTP12)\*\*

YouTube Link: <https://youtu.be/GS8l2Slla6g>

**Prerequisite: MDRTP11** \*\*Outside the timetable

This course is designed for students with an awareness of safe tool handling and some artistic ability. Completing Theatre Production 11 is encouraged for entry to this course. We meet in the evenings twice per week to build the sets and work on all staging elements for our major productions. The course runs year long and culminates with the spring show. Students work back-stage and help design the sets, lighting, make-up, costumes, advertising, and props for productions.

## COMPUTER STUDIES

### Advanced Placement Computer Science Principles 12 (ACSP12)

**Prerequisite: Minimum of 73% in Math Foundations & Pre-Calculus 10**

This is a computer course for those who are not necessarily computer savvy. AP Computer Science Principles offers students a panoramic understanding of computing practices. If you did well in Foundations and Pre-Calculus 10 (73% or higher) and are in Grade 11 (imagine being in Grade 11 and getting College credit), this is the course for you! You can come into the course not knowing anything about computers and leave with a working App on your own iPhone and College credit. This course will provide you with a foundation of programming in Swift, which is the language used by all Apple devices (iPhone, iPad, Mac, Apple Watch, Apple TV) and can lead to a very lucrative career.

# Arts Education / Applied Design, Skills, & Technology

## COMPUTER STUDIES

### Computer Information Systems 11 (MCINF11)

**Prerequisite:** None

This program is designed for students interested in a career in the fast-growing area of computer servicing and support. This course may be of interest to students who just want to know more about how to fix or upgrade their own computers. It will provide a good background and allow students to become comfortable working with computers. Students will learn to upgrade, service, maintain and install computer hardware/software. Through hands-on experience, they will learn the basics of computer operating systems and network operating systems and methods for troubleshooting and resolving common computer hardware/software conflicts.

### Computer Information Systems 12 (MCINF12)

**Prerequisite:** MCINF11

This course builds on what students have learned in ICTS11 and focuses on more advanced techniques in computer hardware/software and communications technology. Through hands-on experience, students will gain advanced knowledge of troubleshooting and resolving computer hardware/software problems.

Areas of study include:

- Computer network design and maintenance
- Computer protocols and routing
- Network operating systems
- Computer imaging

### Computer Programming 11 (MCMPR11)

**Prerequisite:** None

**YouTube Link:** [https://youtu.be/9I\\_9Yxa--nY](https://youtu.be/9I_9Yxa--nY)

This course introduces students to the art of computer programming. No previous knowledge of programming is required. Students will learn how to decipher, write, and modify computer code, using a variety of programming languages. Students will learn how to identify opportunities for creating a computer program. They will be introduced to the design cycle, which includes brainstorming, breaking a problem down, and writing programs that should solve the problem. Students will learn to test and refine their program and be introduced to a variety of programming structures to help streamline and optimize their code.

### Computer Programming 12 (MCMPR12)

**Prerequisite:** MCMPR11

**YouTube Link:** [https://youtu.be/9I\\_9Yxa--nY](https://youtu.be/9I_9Yxa--nY)

This course builds on the knowledge and skills introduced in Computer Programming 11. Students will conduct user-centered research to understand design opportunities and barriers. They will learn advanced programming structures. Projects will require students to use the design cycle as well as management processes when working individually or collaboratively.

# Arts Education / Applied Design, Skills, & Technology

## TECHNOLOGY EDUCATION

### Art Metal and Jewellery 12 (MTAMJ12)

YouTube Link: <https://youtu.be/l0oiy18aO-4>

Prerequisite: None

This is an introductory course open to students from grades 10 to 12 who love the idea of designing and creating jewellery and artistic metalwork. Students will learn the safe use of metalworking hand and power tools, and techniques such as etching, soldering, welding, brazing, forging, and casting.

### Drafting 11 (MTDRF11)

Drafting YouTube Link: <https://youtu.be/5iQqtrHZXo8>

Prerequisite: None

This course teaches the fundamentals of technical drawing and product design used by Architects and Engineers. The course covers the latest AutoCAD software and sketching/ board skills.

### Drafting 12 (MTDRF12)

Drafting YouTube Link: <https://youtu.be/5iQqtrHZXo8>

Prerequisite: MTDRF11

This course builds on the skills learned in Drafting 11. Students spend time learning advanced drafting/design techniques used by Architects and Engineers in technical drawings. The majority of work is done using Autodesk software including AutoCAD, Inventor and Revit, with some sketching/ design skills required. This is a Design - Draw - Build course!

### Electronics 11 (MTELE11)

YouTube Link: <https://youtu.be/ha-WWkwWQ0I>

Prerequisite: None

This is a foundation course which teaches students the basics of electricity and electronics. Using a hands-on approach, students explore the use of common electronic components, develop skills in the design and production of printed circuit boards and learn how to calculate and measure voltage, current and resistance in DC circuits.

### Electronics 12 (MTELE12)

YouTube Link: <https://youtu.be/ha-WWkwWQ0I>

Prerequisite: MTELE11

This course builds upon Electronics 11 with more complex circuitry and projects. It involves advanced analog and digital systems as well as basic micro-controllers and an introduction to robotics. In addition, there is a unit on house wiring where students will learn to wire common circuits used in modern homes. The knowledge and skills gained could lead to a challenging career or serve as a basis for a lifelong hobby.

# Arts Education / Applied Design, Skills, & Technology

## TECHNOLOGY EDUCATION

### Furniture and Cabinetry 12 (MTFAC12)

**Prerequisite:** MWWK11

In this class students will learn advanced joinery and modern cabinet methods. A great class for those who want to build their own projects. Students have the opportunity to use all the specialty tools one last time before graduation to make something great!

### Industrial Coding and Design 12 (MTICD12)

**Prerequisite:** Teacher recommendation

Industrial Coding and Design 12 builds on basic concepts developed in Drafting 11 and 12. Students who enjoy independent learning, creative designing and problem solving will be attracted to this option. Students will expand their 3D architectural and mechanical modelling and animation skills using industry-standard software. Students will also learn different processes for converting 3D model files into code for machine processing and will realize their designs using CNC and 3D printers. Activities in this area would effectively support a portfolio application for entrance into post-secondary.

### Metalwork 11 (MTMET11)

**Prerequisite:** None

**Metalworking YouTube link:** <https://youtu.be/nAQXjmj6coo>

This class uses hand and power tools that are required for working with metal. Safety and productivity are stressed throughout the program. The students will learn layout, cutting, drilling, grinding, welding, sheet metal, milling, lathe work, and forging. Students will complete several projects as a class and then have time to complete projects of their own choice. Projects include sport/ hobby/automotive accessories, small furniture items and tools.

### Metalwork 12 (MTMET12)

**Prerequisite:** MTMET11

**Metalworking YouTube link:** <https://youtu.be/nAQXjmj6coo>

This course builds on the skills learned in MMFM 11. This course teaches advanced hand and power tool use required for working with metal. Safety and productivity are stressed throughout the program. Students will learn about a variety of areas in metalworking. These include layout, designing, estimating, cutting, drilling, grinding, welding, sheet metal, lathe work, milling, forging, casting, and shop maintenance. Students must complete several class projects of their design and construction. Projects include sport/hobby/automotive accessories/small furniture items and tools.

### Power Technology 10 (MTPOW10)

**Prerequisite:** None

**YouTube Link:** <https://youtu.be/D2VZra1xrG0>

Explore automotive car care, small engines, and power mechanics. Theory covered in class will include four stroke and two cycle engines. Bench work may include lawn mowers, chainsaws, motorcycles, and outboard marine engines.

# Arts Education / Applied Design, Skills, & Technology

## TECHNOLOGY EDUCATION

### Robotics 11 (MTROB11)

YouTube Link: <https://youtu.be/ha-WWkwWQ0I>

Prerequisite: None

This course uses the Lego Mindstorms system to teach students to design and build a variety of task specific robots. Students will learn how to build remotely controlled and autonomous wheeled, tracked, and multi- legged mobile robots and to program them to interface with different electronic sensors and motors. The lectures will focus on motors, sensors, and control.

### Robotics 12 (MTROB12)

YouTube Link: <https://youtu.be/ha-WWkwWQ0I>

Prerequisite: MTROB11

This course builds on the skills and knowledge gained in Robotics 11 and enables students to build more complex robotics systems. Because students will be expected to work somewhat independently, a certain degree of self-direction is necessary for success in this course.

### Skills Exploration - Girls Exploring Trades 11 (MSTX-1A)

Prerequisite: None

YouTube Link: <https://youtu.be/D2VZra1xrG0>

This course, exclusively for girls, explores the mysteries of remodeling, renovating, and decorating to make any room in your home sparkle. Allow your creativity to emerge as you experience tiling, painting, flooring, and dry walling. Find solutions to lighting and plumbing problems. Gain the basic knowledge and skills to embark on many home improvements and save money in the future.

### Skills Exploration - Practical Exploration in Trades 11 (MSTX-1B)

Prerequisite: None

YouTube Link: <https://youtu.be/D2VZra1xrG0>

In this course you will experience an array of different skills related to the trades. Learn how to use tools and machinery to create custom designed wood and metal projects. Use and create blueprints to make your design ideas come to life. Get your hands dirty by applying drywall and mud to a wall that you framed. If you want to learn a little about a variety of things, sign up for this course!

### Woodwork 11 (MWWK11)

YouTube Link: <https://youtu.be/tJUVHeGelek>

Prerequisite: None

Designed for all students, this course offers skills for those who may or may not have woodworking experience. Students will learn the safe use of all machines, to read and develop plans, as well as build modern and traditional furniture. Building your skills and confidence during this course will help you with more advanced woodworking classes.

# Arts Education / Applied Design, Skills, & Technology

## HOME ECONOMICS

Why should you take a Food Studies or Child Development course?

- It will help you prepare for secondary work experience and apprenticeship programs.
- It will help you prepare for food, social science & health related careers.
- It will give you practical skills to help you live a healthy and enjoyable life.
- It will help you with college and university courses, such as Cook's Training, Human Ecology, Dietetics, Nutrition, Nursing, Medicine, Early Childhood Education, Social Work and Design.
- You may earn certificates that can be used for a part-time job while attending school.

**Child Development and Caregiving 12 (MCDAC12)** YouTube Link: <https://youtu.be/5w5uFQUFdFE>

**Prerequisite: None**

This course offers exploration of theories and programs that describe the relationship – from birth to death – between the physical, social, emotional, and intellectual environment in and of the home and family as well as the development of individuals. Learning includes the following theories and themes: sexual health, parenting, child development, adolescent development, interpersonal and family relations, healthy living, and healthy environments. This is a participatory course, whereby assessment includes individual work, partner work, assignments, tests, presentations, place-based learning, and project-based learning.

**Food Studies 11 (MFOOD11)**

YouTube Link: <https://youtu.be/VdjKIRXwkDo>

**Prerequisite: None**

Food Studies 11 is an entry level course in which students will be challenged with preparation techniques and theory. This course will be both fun and hard work. If you enjoy eating, being creative, working with your hands and want a relevant, practical, and career-oriented course, this is the one for you! Opportunities to assist in catering group functions and obtain Food Safe Level 1 Certificate may be provided outside of regular class time.

**Food Studies 12 (MFOOD12)**

YouTube Link: <https://youtu.be/VdjKIRXwkDo>

**Prerequisite: MFOOD11 Recommended 60%**

This is an advanced Food Studies course designed for hard working students with a love of food preparation. The course includes advanced techniques, new technologies, development of criteria for product and self assessment, development of original recipes, employing aesthetics, versatility, creativity, and quality in food preparation, working with nutrition challenges and the practical application of preparing food for large and small groups. Students considering a work experience in Food Studies should aim to complete Food Studies 12 by semester 1 of their Grade 12 year.

# Arts Education / Applied Design, Skills, & Technology

## **BUSINESS EDUCATION**

The aim of Business Education is to equip students with skills that will enable them to be successful in the business community. These courses teach practical lifelong skills needed by every student. Students interested in pursuing post-secondary education in Commerce or Business Administration are encouraged to take some of the course offerings in this department.

### **Accounting 11 (MAC11)**

YouTube Link: <https://youtu.be/-Tkxaeq8Yyk>

**Prerequisite: None**

The Accounting course provides students with practical and valuable skills needed for lifelong financial decision making. The double-entry system and completion of the accounting cycle are integrated with use of the Excel spreadsheet computer program. Upon completion of the course, students are able to close out books and prepare balance sheets and income statements. A unit on income tax preparation is also covered through the CCRA Teaching Taxes program. Students will acquire practical and transferrable skills.

### **Accounting 12 (MACC12)**

YouTube Link: <https://youtu.be/-Tkxaeq8Yyk>

**Prerequisite: MAC11**

Payroll, merchandise inventories, taxes, banking, and accounting procedures will be covered in Accounting 12. A major goal will be to enable the student to function successfully in an industry-standard computer environment. Practical experience using Sage computer software for everyday finances and small business applications will be part of the course.

### **Business Computer Applications 12 (MBCA12)**

**Prerequisite: None**

Students are introduced to key computer applications tools that directly relate to the business world and will be useful going forward for the students, in both their educational and employment futures. Students will spend time learning and exploring Microsoft Word, Excel, and PowerPoint. Time will also be spent working with different programs available for creating a personal and business blog, building a simple website, and creating useful and professional Adobe PDF files. This class will be blended with Entrepreneurship 12, and therefore most elements will be taught with a focus on using the programs to create documents with a business focus. \*\*Offered as a joint class with Entrepreneurship 12.

### **Entrepreneurship 12 (MENT12)**

**Prerequisite: Must be in grade 12**

Students are introduced to the world of entrepreneurship and encouraged to explore their personal interests, while tapping into their creativity and experiences to build and create a small business plan of their own. Students will spend time looking at examples of both local and international successful small business and larger corporation start-ups. Time will be spent looking at the differences between a sole proprietorship business vs. a partnership business vs. a corporation. Students will learn about the different choices a business owner faces when starting and running a business of their own, some of the challenges and rewards of being a small business owner and compare the differences between being a business owner vs. an employee of a business. This course will be built around a final project which will involve students creating a small business plan of their own in an industry that interests them. \*\*Offered as a joint class with Business Computer Applications 12.

# Arts Education / Applied Design, Skills, & Technology

## BUSINESS EDUCATION

### Marketing & Promotion 11 (MMA11)

**Prerequisite: None**

Students will learn about the power of marketing and what makes, or breaks, a successful or unsuccessful marketing campaign. Time in class will be spent looking at examples of past and present marketing campaigns across the different marketing mediums of online, TV, radio, and print. Students will learn about the importance of the 3 P's or Marketing: Price, Promotion and Placement. Students will learn about the ethics of marketing, what goes into creating a successful marketing campaign, how the current world and environmental forces factor into marketing, and the power of colour psychology in marketing. This class is a useful class for students looking at continuing with Business Education studies in post secondary or interested in understanding more about the advertising and marketing they see day to day in their lives. This class will be offered in partnership with Tourism 11, and therefore a focus will be placed on looking at marketing through a tourism lens. \*\*Offered as a joint class with Tourism 11.

### Tourism 11 (MTRM11)

**Prerequisite: None**

Students will learn, engage, and explore the world of one of the fastest growing industries within the province of British Columbia: Tourism & Hospitality. This course will look at some of the key foundation building blocks of the tourism industry. Students will explore the different opportunities tourism offers and touch on the main 7 sectors of the tourism industry. Students will be introduced to international, national, and provincial tourism businesses. Students will gain a concept of what it means to label tourism as an industry, rather than a concept. This course will be partnered with Marketing & Promotions 11 and therefore there will be a focus on looking at tourism marketing, what goes into a tourism marketing campaign, who the demographic of the tourism industry is, how tourism companies build their reputation and branding through marketing, and difference in selling a tourism service over a product. \*\*Offered as a joint class with Marketing & Promotions 11.

### Tourism 12 (MTRM12)

**Prerequisite: Recommended to have taken Tourism 11, but not required**

Students will learn, engage, and explore the world of one of the fastest growing industries within the province of British Columbia: Tourism & Hospitality. This course will build on some of the concepts originally introduced in Tourism 11 (but Tourism 11 is not a required prerequisite to register). Students will learn about current trends in the tourism industry, look back at the history of tourism, study how world and environmental factors affect the tourism industry, and explore the 7 main sectors within the tourism industry. The course will focus specifically on local tourism in the province of British Columbia. Students will be promoted to learn and study local tourism influencers who have made an impact here in BC and educate themselves on what future opportunities lie ahead for them within the industry locally moving forward.

# Languages

## **Core French 11 (MFR11)**

**Prerequisite: MFR10**

Structures and tasks in this course are much more sophisticated than those covered in French 10. French is the language of communication in the classroom, and it is expected that students demonstrate their ability to understand spoken French and communicate in French at a level consistent with the structures being presented. This course will include a variety of supplementary materials to help improve all skill areas.

## **Core French 12 (MFR12)**

**Prerequisite: MFR11**

French 12 completes the sequence of French courses offered at MBSS. Emphasis is placed on expanding oral and written comprehension as well as refining oral and written communication skills. French is the language of communication in the classroom.

## **Spanish Introductory 11 (MBSP11)**

**Prerequisite: None**

This class is not for quiet students. Beginner Spanish is a fun way to learn to speak, read, and write Spanish. Much of your time is spent in oral communication and speaking practice. Students will learn pronunciation of Spanish sounds, a basic Spanish vocabulary, present tense verb structure, how to ask and answer questions, and most importantly this course will prepare students to communicate when they travel to a Spanish speaking country. Students will be required to complete daily homework online using the app Duolingo. Students who practice daily will be able to have a short but fluent conversation in Spanish with confidence by the end of the course.

## **Spanish 11 (MSP11)**

**Prerequisite: MBSP11**

Students will continue to develop their language skills from Beginner Spanish in this course. Students will learn a variety of Spanish tenses as they further develop their speaking, reading, and writing skills. There is greater emphasis on read and speaking in this course while students will also be developing writing skills. Students are expected to work independently and to contribute to group projects throughout this course. By the end of the semester, students will be proficient at writing according to their own interests.

## **Spanish 12 (MSP12)**

**Prerequisite: MSP11**

Spanish 12 completes the sequence of Spanish courses offered at Mount Baker. Students in this course will continue to work towards fluency. There is a focus on the development of the mastery of grammar, verb tenses and sentence construction. Once again, the focus of this course is on speaking Spanish, but a significant amount of time will be spent reading and writing as well.

## **Ktunaxa Language**

**Prerequisite: None**

Aboriginal Education programs provide support for Ktunaxa Language in partnership with College of the Rockies. These courses are dual credit courses. Elders provide support for Ktunaxa Language 101/102.

# Outdoor Education Programs

Outdoor Ed Programs YouTube Link: <https://youtu.be/yDI2amMOmwQ>

## **Outdoor Ed Program 11: Outdoor Education 11 (MODED11) & Leadership 11 (YCPA)**

**Prerequisite: None**

This course will empower you to engage in outdoor recreation safely and with low impact on the land. It will help you learn about yourself and develop workplace skills through field-based learning and through mentorship opportunities in outdoor workplaces. No experience or specialized equipment needed (the school has backpacks, skis, snowshoes, tents, sleeping bags and mats available). Students must be willing to learn, challenge themselves, be outside and work as a team.

Topics include:

- Winter travel, survival, and camping
- Indoor and outdoor rock climbing
- Public speaking and natural interpretation
- Solo camping
- Avalanche skills training 1
- Environmental research, monitoring and reclamation
- Basic Wilderness First Aid
- Biking
- Backpacking

A fun part of this course is applying what we learn on several camping trips. A good work ethic and attendance record mandatory. This course requires a commitment beyond normal school hours. Some activities will take place outside of the regular school hours and attendance is expected as part of your commitment to learning.

**If you are interested in this course, please pick up an application in the counselling office and submit to Ms. Leigh Cormier. There is a fee for this course.**

## **Outdoor Ed Program 12: Outdoor Ed 12 (MODED12) & Physical Geography 12 (MPGEO 12)**

**Prerequisite: a good attendance record, SS10 and some outdoor experience**

This is an advanced outdoor education program in which students further develop outdoor and leadership skills while completing the academic outcomes of Physical Geography 12. This course is well suited for students passionate about the outdoors and exploration and who may be interested in pursuing a career with a field component, such as adventure or eco- tourism, teaching, forestry, parks, conservation, research or resource management.

Example topics and trips:

- Bugaboo Glacier and Tanglefoot Lake area to explore topics in geology, glaciology and resource management
- Climb indoors, learn to canoe, overnight canoe trip, environmental education and restoration, learn about local and global freshwater issues
- Winter travel and survival, avalanche safety skills and meteorology, multi-day cross country ski trip to Lake O'Hara, downhill ski / snowboarding trip to Nelson, BC
- Expedition planning

This course requires a commitment beyond normal school hours. Some activities will take place outside of the regular school hours and attendance is expected as part of your commitment to learning.

**If you are interested in this course, please pick up an application in the counselling office and submit to Ms. Leigh Cormier. There is a fee for this course.**

# Apprenticeship – Dual Credit

## **TRN (TRNE-2A) Train: Train in Trades**

**(Seats in Programs are limited. Applications are required and available from school counsellor.)**

Train in Trades is a dual-credit program that combines Foundation or Level I technical training in an apprentice-able trade with completion of the Grade 12 graduation plan. A student completes all required courses for graduation prior to entry in TRN and then becomes a full-time student at the College of the Rockies, ideally in grade 12 or in some circumstances after graduation if still under 19 years of age and approved by the school counsellors as part of his/her graduation plan. Additional grade 12 credits are earned at the same time as the student gets Industry Training Authority (ITA) credit for Year 1 technical training of apprenticeship. The goal is to complete workplace-based training hours subsequently with a sponsor employer to complete all Year 1 requirements for the trade.

The following eight trades are currently available as part of a partnership agreement with the College of the Rockies and ITA (Industry Training Authority of BC):

-Auto Service Technician	-Heavy Equipment Technician	-Hairstylist	-Cook
-Carpenter	-Industrial Mechanic	-Welder	-Electrician

The successful student attends the training program full time at the College of the Rockies Cranbrook campus for 24 to 44 weeks, depending on the trade. Credits are accrued at the school and with the ITA. Tuition costs are partly covered by the school district and the ITA.

***Due to the start date of some TRN programs, it should be noted that students may be enrolled and expected to complete course requirements simultaneously. In cases like this, the student should communicate with the teachers at both institutions that they have dual responsibilities, and that consideration should be made for the completion of outstanding work/projects/tests that are required by either institution.***

More information on this program is at <http://youth.itabc.ca/programs/train/>

The training schedule can be seen at <https://cotr.bc.ca/trades-training-schedule/>

For more details, talk with your school counsellor or contact Brian Conrad, Regional Transitions Coordinator. Phone: 250-489-2751 ext. 3380 or email [conrad@cotr.bc.ca](mailto:conrad@cotr.bc.ca)

## **WRK (MWRK-2A) Youth Work in Trades**

The Youth Work in Trades Program is an excellent opportunity for motivated students who intend to have careers in one of British Columbia's approximately 120 apprentice-able trades. During Grades 11 and 12, the student will alternate regular in-school classes with approved paid work experience. Upon completion, the student receives both regular secondary graduation credits and credit with the Industry Training Authority (ITA) towards first-year workplace-based apprenticeship training.

To enter this program, a formal application, including an interview and recommendations, is required. Application forms can be obtained from the Mount Baker Counselling Office. A student does not formally register in Secondary School Apprenticeship until he/she has found a journey person who will register the student as an apprentice.

## **BENEFITS OF THE YOUTH WORK IN TRADES PROGRAM**

- ◆ Access to the apprenticeship system while still in school, Opportunity for early start on a career
- ◆ Links to the world of work
- ◆ Practical application of school curriculum
- ◆ Incentive for high academic achievement
- ◆ Development of appropriate attitudes and responsibility
- ◆ Dual credit for work experience
- ◆ Uninterrupted transition from school to work
- ◆ Eligibility for a \$1000 scholarship

# Dual Credit with College of the Rockies

Dual credit is an opportunity for high schools to provide students with course choices that are not otherwise available at the high school and accelerate a student's career pathway. Dual credit courses give students high school credit as well as post-secondary credit towards a credential in the BC public post-secondary system and elsewhere.

- 1. What college courses can a student take for dual credit?** As long as the students have met the prerequisites, they can take any post-secondary course that leads to a certificate, diploma, or degree as a dual credit course. College courses in Arts, Science, Kinesiology, Tourism and Recreation Management and Business would qualify, as would trades programs such as TRN (Train: Train In Trades).
- 2. Must students meet course prerequisites to take a college course?** Yes, unless permission is given by instructor.
- 3. How many credits does the high school award?** The high school awards 4 credits for a typical 3 credit college course (see Handbook of Procedures for the Graduation Program).
- 4. Do the College and high school agree on who takes dual credit courses?** When the student seeks a course at the College, the College gives the student a permission form to be signed by the school principal allowing the student to take the dual credit course.
- 5. Are dual credit courses taught in high schools?** The College can deliver the course either at a high school or at the College with a qualified instructor. Dual credit courses are also available online.
- 6. Where can I get more information about taking a dual credit course?** Brian Conrad, Regional Transitions Coordinator, [conrad@cotr.bc.ca](mailto:conrad@cotr.bc.ca), College of the Rockies Education Advisors, [studentservices@cotr.bc.ca](mailto:studentservices@cotr.bc.ca) or your high school counsellors.
- 7. What are the costs?** With the school Principal's approval of the course, SD5 will pay the cost of tuition (unless the course is offered at MBSS, ex. Math 090). There are bursaries available to help with textbook costs upon application through Financial Aid at the College of the Rockies.

## **TRADES SAMPLER PROGRAM 12 (TSTE-2A/2B)**

This project-based trades program is aimed at school-aged youth and will be delivered in collaboration with the College of the Rockies. The main objectives of this program are to provide students an opportunity to explore the basic components of a variety of trades and to help students to determine a trade suited to meet their personal goals. At the completion of the Trades Sampler Program, each student will be interviewed as to their interest and plans in pursuing a career in Trades. The program will include a variety of trades, workforce certificates, industry engagement with at least one guest speaker and/or workplace visit, visits to the College of the Rockies trades area and information on apprenticeship and trades careers.

Trades offered as part of the Trades Sampler Program include:

-Welding	-Piping Trades	-Auto Service Technician	-Heavy Mechanical
-Computer Assisted Drafting	-Carpentry	-Industrial Mechanic (Millwright)	-Electrical

The following industry related certificates will be included in the program content:

-WHMIS	-Occupational First Aid Level 1
-Fall Protection and Ladder Safety	-Construction Safety Training Systems (CSTS 09)

8 Grade 12 credits will be awarded for the successful completion of this program.

# Dual Credit with College of the Rockies

## **CHILD AND YOUTH FAMILY STUDIES – DUAL CREDIT SEMESTER – BEGINS FEBRUARY 2023**

**Prerequisite: Minimum 65% in ENG 12**

If you are a high school student in School District 5, 6, or 8, and would like to get a jump-start on a career as an Early Childhood Education, Education Assistant, or Human Service Worker this dual credit semester may be right for you. Daycares and School Districts in our region need more qualified staff to meet critical shortages.

### **WHAT YOU WILL GAIN:**

- 16 high school credits toward graduation
- An educational qualification for work in an entry level position as an Early Childhood Education Assistant
- 13 post-secondary credits, of which 10 are credits in one of the CYFS certificate programs

Successful participants of the program will be immediately qualified to work as ECE Assistants and may choose to pursue a career as an Education Assistant.

**Once working, students can build onto the 13 credits in the Child, Youth and Family Studies academic stream to specialize and pursue full certification in:**

- Early Childhood Education – <https://cotr.bc.ca/programs/early-childhood-education/>
- Education Assistant - <https://cotr.bc.ca/programs/education-assistant/>
- Human Service Worker - <https://cotr.bc.ca/programs/human-service-worker/>

This 16-week semester includes three of the Child Youth and Family Studies core courses and an elective course to help you succeed in future post-secondary studies:

- CYFS 101 – Inclusive Interpersonal Communications
- CYFS 102 – Observing and Recording
- CYFS 116 - Lifespan Development
- HLTH 104 - Introduction to Personal Health and Wellbeing

For more information, talk to your school counsellor or phone the counselling office at 250-426-5241, ext. 602 or contact Brian Conrad at [conrad@cotr.bc.ca](mailto:conrad@cotr.bc.ca) or 250-489-2751, ext. 3380.

**COLLEGE OF  
THE ROCKIES**

# Work Experience 12

Work Experience offers an opportunity for students to practice school-based learning in a working environment. It opens doors to employment and to post-secondary education.

Work Experience 12A & 12B provide students with on-the-job work experience. These are four-credit courses. Students should connect Work Experience with a career goal and their Career Life Connections plan. Some post-secondary programs now require work experience for admission.

Work Experience bridges the gap between school and the workplace by integrating courses in a meaningful way to help students broaden their education and define their career objectives.

**Pick up an Application for Work Experience in the Counselling Office!**

## **Work Experience enhances student achievement by:**

- Providing on the job training
- Easing the transition from school to workplace
- Developing competencies in problem solving skills related to a specialized area of study
- Strengthening feelings of pride and self-confidence in work well done
- Increasing personal and social skills in co-operative work situations
- Providing contact with people in the community, references from such people, and possible future employment opportunities

# Leadership

## **STUDENT LEADERSHIP (YCPA)**

Leadership YouTube Link: <https://youtu.be/Bk5L88TdH70>

**Prerequisite: None**

The Student Leadership Program is an active, participatory program that encourages Grade 10, 11, and 12 students to recognize their own capacity to effect positive change in their world. Being aware of community-based issues and social justice concerns, students will participate in school or local or global projects and initiatives (individually and in groups) that develop effective communication (oral and written), organizational skills, and decision-making. By learning from each other and people in their community, students will engage in topics, issues, and ideas that matter to them.

This course is offered outside of the timetable. Students will meet with the instructor at a mutually agreed upon time (morning, lunch, or after school). On-going reflections and evidence of personal growth (written and action-based) are required to receive credit for this course.

## **LEADERSHIP—WARRIORS (YCPA)**

Warriors YouTube Link: <https://youtu.be/4BRrUVf2Bxl>

**Prerequisite: None**

Warriors is an Indigenous Student Leadership Program. The Warriors create opportunities for Indigenous students to gain personal growth through **Service, Leadership, Teamwork and Culture**.

This course is offered outside the timetable. Students meet twice per month during lunch hour to focus on topics such as:

- ◆ Cultural activities such as building a tipi, drumming, trapping, Metis jigging, beading, storytelling, moccasin making, attending a Pow Wow or Metis Kitchen Party
- ◆ Effective communication and Organizational skills
- ◆ Consensus decision making processes
- ◆ Personal growth plans and
- ◆ School wide initiatives and Community based initiatives
- ◆ Human dignity
- ◆ Anti-racism
- ◆ Meeting Protocols
- ◆ Team building

This course is open to all Indigenous students in Grades 10, 11, & 12. This is a four-credit program. Regular attendance, participation in events and evidence of personal growth (both written and action based) are required to receive credit for this course. A total of 100 hours must be completed to receive credit.

# Aboriginal Education

Aboriginal Education is for everyone. It is based on providing holistic supports: academic, physical, emotional, and spiritual. The broad goals of Aboriginal Education are to support all First Nations (on and off reserve), Metis, and Inuit students and to infuse Aboriginal perspectives across the curriculum.

Aboriginal Education Support Workers (AESW) and Elders assist Indigenous students and their families in navigating the school system. They reinforce pride and identity amongst Indigenous students. The AESW and Elders are available to help all MBSS students, staff, and teachers.

### **Example of Services and Supports for students:**

Help with schoolwork

Help with post-secondary planning

Tutoring and Mentoring

Personal and cultural support

Snacks, drinks, and lunches available

Advocate

**Where:** Gathering Place, Room 101 8:00 AM – 4:00 PM

**Contact Information:** 250-426-5241, ext. 25052 and 25101

# Counselling

Counsellors at Mount Baker Secondary School assist students with a wide variety of personal, educational, and career-related concerns. Some examples of services:

**PERSONAL COUNSELLING** - assists students who are experiencing personal difficulties which interfere with their academic, social and/or family life

**EDUCATIONAL COUNSELLING** - provides help in choosing appropriate courses and making educational plans for graduation

**INFORMATION AND REFERRAL SERVICES** – Current selection of university and college calendars, scholarships and bursaries, and referrals to liaisons with social agencies, educational institutions, government agencies, and the business community

It is our hope that through the resources available in the Counselling Department, students will be better informed and able to make appropriate decisions for themselves now and in the future. Counsellors can be accessed in non-emergency situations by making an appointment online on the Mount Baker website, under Students > Counselling Appointments, or with the secretary at 250-426-5241, ext. 25008.

## **Earning Credits Toward Graduation**

You'll probably earn most of your credits toward graduation the usual way – by successfully completing school-based courses. But there are other ways of earning credits, and some of these might work for you.

Read through the list of options below. For more information, talk to your school counsellor or go to: [www.bced.gov.bc.ca/policy/policies](http://www.bced.gov.bc.ca/policy/policies)

Distributed Learning	Advanced Placement	Post-Secondary Courses	Dual Credit
Equivalency	Course Challenge	Train: Train in Trades	
External Credentials	Youth Work in Trades	Independent Directed Studies	

### **Independent Directed Studies (IDS 10/11/12):**

The purpose of this course is to permit students to initiate their own course of learning at the Grade 10, 11, or 12 level under the supervision of a teacher. **IDS 10/11/12 will only be available through consultation with a counsellor and permission of the appropriate department head. 1 to 4 credits may be earned. This is completed outside the timetable.**

# Student Services

Located in Rooms 125 & 126, the MBSS Student Services Team provides a variety of support services for students. Our goal is to provide students with appropriate levels of support and meaningful programs to enhance learning in the school or in the community. Based on the specific academic, social, emotional, and physical needs of the individual student, some of these services include:

- Quizzes and tests (separate setting, oral questions, scribing)
- Adaptations (curriculum, test, homework, setting)
- Support with the acquisition of functional life skills
- Development of an Individualized Education Plan (IEP)
- Modification of academic core courses (Math, Social Studies, Science, English) for students working towards a BC School Completion Certificate (Evergreen Certificate)
- Meetings with students and parents to review progress and plan for future goals
- Arrangement of work experience where appropriate and possible

# Checklist and Information

## IF YOU ARE ENTERING GRADE 10:

- You have selected:  
An EN 10 option, SS10, WPM or FMP 10, SC 10, PHED 10, and Career Life Education 10
- You will need to select some electives to complete your Course Selection to make a total of **NO LESS THAN 8 COURSES** in the timetable

Additional courses may be taken outside the timetable.

## IF YOU ARE ENTERING GRADE 11:

- You have selected:  
an EN 11 option, a SS 11 or 12, a SC 11 or 12, a MA 11 or 12, a course or courses that give you credit for the **Arts Education / Applied Design, Skills and Technology** graduation requirement  
(Note: this may have been met in Grade 10 elective choices)
- You have selected courses that lead you to the Grade 12 courses you will want next year (Prerequisites)
- You have selected no less than 8 courses

Additional courses may be taken outside of the timetable.

## IF YOU ARE ENTERING GRADE 12:

- You have selected or already passed:  
English Studies 12 or English First Peoples 12, plus at least 3 other Grade 12 courses
- You have selected or already passed an Indigenous-focused course in Grade 10 or 11
- You have **no less than 32 credits from SD5** to be eligible for internal scholarships
- You have checked the graduation requirement to see that you meet all of them.  
**80 credits are necessary for graduation.** Career Life Connections must be completed for graduation
- Your Course Selection meets the necessary prerequisites of the post-secondary institutions and programs you may be considering after Mount Baker Secondary

Finally – check with a counsellor if you are in doubt about any of the above. Wise Course Selection to prepare for your future is **YOUR RESPONSIBILITY.**
