### School District Statement of Financial Information (SOFI)

School District No. 5 (Southeast Kootenay)

### Fiscal Year Ended June 30, 2022

### MANAGEMENT REPORT

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian generally accepted accounting principles and the integrity and objectivity of these statements are management's responsibility.

Management is also responsible for all other schedules of financial information and for ensuring this information is consistent, where appropriate, with the information contained in the financial statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Education is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control and for approving the financial information included in the Statement of Financial Information.

The external auditors, BDO Canada LLP, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements as required by the *School Act*. Their examination does not relate to the other schedules of financial information required by the *Financial Information Act*. Their examination includes a review and evaluation of the board's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

### MANAGEMENT REPORT

Version: 5176-4430-2448

Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 5 (Southeast Kootenay) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 5 (Southeast Kootenay) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a monthly basis and externally audited financial statements yearly.

The external auditors, BDO Canada LLP., conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 5 (Southeast Kootenay) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

### Independent Auditor's Report

To the Board of Education of School District No. 5 (Southeast Kootenay) and the Minister of Education of the Province of British Columbia

### Opinion

We have audited the accompanying financial statements of the School District No. 5 (Southeast Kootenay), which comprise the statement of financial position as at June 30, 2022 and the statements of operations, changes in net debt and cash flows for the year ended June 30, 2022, and a summary of significant accounting policies and other explanatory information.

In our opinion, the financial statements of the School District No. 5 (Southeast Kootenay) for the year ended June 30, 2022 are prepared, in all material respects, in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

### Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the School District in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Emphasis of Matter - Basis of Accounting

We draw attention to Note 2(a) to the financial statements which describes the basis of accounting. The financial statements are prepared in order for the School District to meet the reporting requirements of the Act referred to above. Note 2(a) to the financial statements discloses the impact of these differences between such basis of accounting and Canadian public sector accounting standards. Our opinion is not modified in respect of this matter.

### Other Matters

We draw attention to the fact that the supplementary information included in Schedules 1 to 4 does not form part of the financial statements. We have not audited or reviewed this supplementary information and, accordingly, we do not express an opinion, a review conclusion or any other from of assurance on this supplementary information.

### Other Information

Management is responsible for the other information. The other information, other than the financial statements and our auditor's report thereon, includes the Financial Statement Discussion and Analysis. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Prior to the date of this auditor's report, we obtained the Financial Statement Discussion and Analysis prepared by management. If, based on the work we have performed on this information, we conclude that there is a material misstatement of this other information, we are required to report that fact in this auditor's report. We have nothing to report in this regard.

BDO Canada LLP, a Canadian limited liability partnership, is a member of BDO International Limited, a UK District limited by guarantee, and forms part of the international BDO network of independent member firms.

## Independent Auditor's Report (Continued)

Responsibilities of Management and Those Charged with Governance for the Financial Statements Management is responsible for the preparation and fair presentation of these financial statements in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia, which requires Canadian public sector accounting standards modified by B.C. Regulation 198/2011 "Restricted Contributions", and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the School District's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the School District or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the School District's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the School District's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the School District to cease to continue as a going concern.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the School District to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the School District audit. We remain solely responsible for our audit opinion.

# Independent Auditor's Report (Continued)

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### NOTE 1 AUTHORITY AND PURPOSE

The School District operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 5 (Southeast Kootenay)" and operates as "School District No. 5 (Southeast Kootenay)." A board of education (Board) elected for a four-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district and is principally funded by the Province of British Columbia through the Ministry of Education and Child Care.

The impact of Covid-19 continues to exist and has had a significant financial, market and social dislocating impact worldwide. The ongoing impact of the pandemic presents uncertainty over future cash flows, may have a significant impact on future operations including decreases in revenues, impairment of receivables, reduction in investment income and delays in completing capital project work. As the situation is dynamic and ultimate duration and magnitude of the impact are not known, an estimate of the future financial effect on the District is not practicable at this time.

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Accounting

These financial statements have been prepared in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia. This Section requires that the financial statements be prepared in accordance with Canadian public sector accounting standards except in regard to the accounting for government transfers as set out in Notes 2(d) and 2(i).

In September 2010, the Province of British Columbia Treasury Board ("Treasury Board") provided directive through Government Organization Accounting Standards Regulation 257/2010 requiring all tax-payer supported organizations in the Schools, Universities, Colleges and Hospitals sector to adopt PSA standards of the Canadian Institute of Chartered Accountants ("CICA") without not-for-profit provisions from their first fiscal year commencing after January 1, 2012. In March 2011, PSAB released a new Section PS 3410 "Government Transfers". In November 2011, Treasury Board provided a directive through Restricted Contributions Regulation 198/2011 providing direction for the reporting of restricted contributions whether they are received or receivable by the School District before or after this regulation was in effect. The Treasury Board direction on the accounting treatment of restricted contributions is as described in Notes 2(d) and 2(i).

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

As noted in notes 2 (d) and 2 (i), Section 23.1 of the Budget Transparency and Accountability Act and its related regulations require the School District to recognize government transfers for the acquisition of capital assets into revenue on the same basis as the related amortization expense. As these transfers do not contain stipulations that create a liability, Canadian public sector accounting standards would require these grants to be fully recognized into revenue. The impact of this difference on the financial statements of the School District is as follows:

| Year-ended June 30, 2021 | - understatement of revenue and annual surplus of \$1,282,526  |
|--------------------------|--|
| June 30, 2021            | - understatement of accumulated surplus and an overstatement of deferred capital revenue by \$60,668,102 |
| Year-ended June 30, 2022 | - understatement of revenue and annual surplus of \$3,063,563  |
| June 30, 2022            | - understatement of accumulated surplus and an overstatement of deferred capital revenue by \$62,252,193 |

b) Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

c) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

d) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in Note 2 (i).

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that creates a liability in which case the transfer is recognized as revenue over the period that the liability is extinguished. See Note 2 (a) for the impact of this policy on these financial statements.

e) Employee Future Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements.

The School District accrues its obligations and related costs including both vested and nonvested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing.

The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime (EARSL) of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2022 and projected to March 31, 2025. The next valuation will be performed at March 31, 2025 for use at June 30, 2025. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

The School District and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

### **NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

f) Future Changes in Accounting Policies

PS 3280 Asset Retirement Obligations issued August 2018 establishes standards for recognition, measurement, presentation and disclosure of legal obligations associated with the retirement of tangible capital assets and is effective April 1, 2022. A liability will be recognized when, as at the financial reporting date:

- (a) there is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- (b) the past transaction or event giving rise to the liability has occurred;
- (c) it is expected that future economic benefits will be given up; and
- (d) a reasonable estimate of the amount can be made.

Liabilities are recognized for statutory, contractual or legal obligations associated with the retirement of tangible capital assets when those obligations result from the acquisition, construction, development or normal operation of the assets. The obligations are measured initially at fair value, determined using present value methodology, and the resulting costs capitalized into the carrying amount of the related tangible capital asset. In subsequent periods, the liability is adjusted for accretion and any changes in the amount or timing of the underlying future cash flows. The capitalized asset retirement cost is amortized on the same basis as the related asset and accretion expense is included in the Statement of Operations.

A modified retroactive application has been approved by Government. Management will be adopting this standard on the School District's fiscal year ended June 30, 2023.

g) Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the School District to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the Statement of Operations.
- Buildings that are demolished or destroyed are written-off.

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

• The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful life is as follows:

| Buildings             | 40 years |
|-----------------------|----------|
| Furniture & Equipment | 10 years |
| Vehicles              | 10 years |
| Computer Hardware     | 5 years  |

h) Prepaid Expenses

Prepaid membership dues, insurance, travel expenses and software licensing fees are included as a prepaid expense and stated at acquisition cost and are charged to expense over the periods expected to benefit from it.

i) Funds and Reserves

Certain amounts, as approved by the Board are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund within accumulated surplus when approved (see Note 15 - Internally Restricted Surplus – Operating Fund).

j) Revenue Recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Contributions received or where eligibility criteria have been met are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions including authorization by the transferring government.

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

• Non-capital contributions restricted for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable.

The accounting treatment for restricted contributions is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished. See Note 2 (a) for the impact of this policy on these financial statements.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

k) Expenditures

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

- Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and aboriginal education, are allocated to these programs. All other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Categories of Salaries

- Principals, Vice-Principals, and Directors of Instruction employed under a personal services contract are categorized as Principals and Vice-Principals.
- Superintendents, Secretary-Treasurers, Exempt Staff, Trustees and other employees excluded from union contracts are categorized as Other Professionals.
- l) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities.

Unrealized gains and losses from changes in the fair value of financial instruments are recognized in the statement of remeasurement gains and losses. Upon settlement, the cumulative gain or loss is reclassified from the statement of remeasurement gains and losses and recognized in the statement of operations. Interest and dividends attributable to financial instruments are reported in the statement of operations.

All financial assets are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

Financial instruments have been accounted for prospectively since June 30, 2013 in accordance with public sector accounting standards as described above.

m) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in Note 2 (a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, liabilities for contaminated sites, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

### NOTE 3 ACCOUNTS RECEIVABLE – OTHER RECEIVABLES

|                             | June 30, 2022 | June 30, 2021 |
|-----------------------------|---------------|---------------|
| Due from Federal Government | \$247,232     | \$379,226     |
| Other                       | 156,171       | 192,380       |
|                             | \$403,403     | \$571,606     |

### NOTE 4 ACCOUNTS PAYABLE AND ACCRUED LIABILITIES - OTHER

|                               | June 30, 2022 | June 30, 2021 |
|-------------------------------|---------------|---------------|
| Trade payables                | \$379,517     | \$1,067,969   |
| Salaries and benefits payable | 5,078,867     | 5,707,503     |
|                               | \$5,458,384   | \$6,775,472   |

### NOTE 5 DEFERRED REVENUE

Deferred revenue includes unspent grants and contributions received that meet the description of a restricted contribution in the Restricted Contributions Regulation 198/2011 issued by Treasury Board, i.e., the stipulations associated with those grants and contributions have not yet been fulfilled.

### NOTE 6 DEFERRED CAPITAL REVENUE

Deferred capital revenue includes grants and contributions received that are restricted by the contributor for the acquisition of tangible capital assets that meet the description of a restricted contribution in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. Once spent, the contributions are amortized into revenue over the life of the asset acquired.

### **NOTE 7 EMPLOYEE FUTURE BENEFITS**

Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. Funding is provided when the benefits are paid and accordingly, there are no plan assets. Although no plan assets are uniquely identified, the School District has provided for the payment of these benefits.

### **NOTE 9 EMPLOYEE PENSION PLANS**

The school district and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan, jointly trusteed pension Plans. The board of trustees for these plans represents plan members and employers and is responsible for the management of the pension plan including investment of the assets and administration of benefits. The pension plans are multi-employer defined benefit pension plans. Basic pension benefits provided are based on a formula. As at December 31, 2021, the Teachers' Pension Plan has about 50,000 active members from school districts, and approximately 40,000 retired members from school districts. As of December 31, 2021 the Municipal Pension Plan has about 227,000 active members, of which approximately 29,000 are from school districts.

### **NOTE 9 EMPLOYEE PENSION PLANS (Continued)**

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The latest actuarial valuation of the Teachers' Pension Plan as at December 31, 2020, indicated a \$1,584 million surplus for basic pension benefits on a going concern basis. The next valuation will be December 31, 2023, with results available in 2024.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2018, indicated a \$2,866 million funding surplus for basic pension benefits on a going concern basis. The next valuation will be December 31, 2021, with results available in 2022.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for the plans in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans

School District No. 5 (Southeast Kootenay) expensed \$5,429,900 (2021 - \$5,115,641) for employer contributions to these plans in the year ended June 30, 2022.

### NOTE 10 RELATED PARTY TRANSACTIONS

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

### NOTE 11 CONTRACTUAL OBLIGATIONS

### Lease Commitments:

The School District has equipment under operating leases. Lease commitments over the next four years are due as follows:

| Fiscal Year | Amount    |
|-------------|-----------|
| 2022-23     | \$ 70,450 |
| 2023-24     | \$ 70,450 |
| 2024-25     | \$ 70,450 |
| 2025-26     | \$ 16,610 |

### NOTE 12 CONTRACTUAL RIGHTS

Contractual rights are rights to economic resources arising from contracts or agreements that will result in revenues and assets in the future. The School District's contractual rights arise because of contracts entered into for lease. The following table summarizes the contractual rights of the School District for future revenue.

| Fiscal Year | Amount     |
|-------------|------------|
| 2022-23     | \$ 219,086 |
| 2023-24     | \$ 200,725 |
| 2024-25     | \$ 200,725 |
| 2025-26     | \$ 167,273 |

### NOTE 13 CONTINGENCIES

In the ordinary course of operations, the School District has legal proceedings brought against it which remain outstanding at the year end. It is the opinion of management that final determination of these claims will not have material effect on the financial position or operations of the School District.

### NOTE 14 EXPENSE BY OBJECT

|                       | June 30, 2022 | June 30, 2021 |

### NOTE 16 ECONOMIC DEPENDENCE

The operations of the School District are dependent on continued funding from the Ministry of Education and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

### NOTE 17 PRIOR PERIOD ADJUSTMENT

On May 28, 2021, the Office of the Comptroller General directed all school districts to apply the half-year rule method of amortization beginning in the fiscal year an asset is placed into service. This directive applies to both past and future purchases. Prior to this directive, the district did not recognize amortization in the first partial service year. The School District has made a retroactive adjustment to recognize amortization of all assets and deferred capital contributions beginning in the first service year. The impact of the prior period adjustment on the June 30, 2021 comparative amounts is as follows:

| -  | Increase<br>(Decrease) |
|--|------------------------|
| Tangible Capital Assets  | \$(1,814,567)          |
| Deferred Capital Revenue   | (1,479,472)            |
| Accumulated Surplus (Deficit) – beginning of the year July 1, 2020 | (297,554)              |
| Amortization of Deferred Capital Revenue                           | 41,724                 |
| Operations & Maintenance Expense – Asset amortization              | 79,265                 |
| Net Debt – beginning of the year July 1, 2020                      | (1,437,748)            |

### NOTE 18 RISK MANAGEMENT

The School District has exposure to the following risks from its use of financial instruments: credit risk and liquidity risk.

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

a) Credit risk:

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash, amounts receivable and investments.

The School District is exposed to credit risk in the event of non-performance by a borrower. This risk is mitigated as most amounts receivable are due from the Province and are collectible.

### NOTE 18 RISK MANAGEMENT (Continued)

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash deposits and investments as they are placed in recognized British Columbia institutions and the School District invests solely in term deposits.

### b) Liquidity risk

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

Risk Management and insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance.
