## Joke of The Week

I invented a new word...

**Plagarism!**

## Pep Rally

Last Tuesday, students at FSS participated in a pep rally to congratulate our fall sports teams for their amazing season and support many of our teams who are heading off to provincials. Student council organized various games to get the audience pumped, including musical chairs, tug of war, and a relay race. We would like to thank many of the student council members for their participation and Tomas, Nico, and Jeff for doing an amazing job at getting the audience hyped!

## Sports Spotlight

Last week our senior and junior girls volleyball teams went to provincials in Vancouver. Both teams did exceptionally well, with the senior girls placing 6th and the junior girls placing 9th.

## Interview with Blake

**Q: Which kitchen appliance would you be and why?**

**A:** "I would be a blender because I am loud and destroy food."
