

## Laurie Middle School and Parkland Middle School

### Parent Speaker Series

### presents.....VAPING 101

**WHO?** Maggie Strosher from Interior Health Authority; *Tobacco Coordinator, Tobacco Enforcement Officer, Integrated Tobacco Program Population Health*

**WHAT?** Vaping: the trends, the potential risks, the concerns

**WHERE?** Laurie Middle School Library

**WHEN?** Wednesday, April 18 @ 7:00 PM

**WHY?** E cigarettes/Vaping - a trend that is on the rise with middle school age children. They are showing up in middle schools and have surpassed cigarette use; they are also the precursor for cigarette use in youth. "Most teens are under the impression that it's completely safe to inhale the perceived '*harmless nicotine-free water vapors*,'" but recent emerging studies claim otherwise." Come and hear why.....
